SUPER ICYCLONE

ALL HAIL IS ABOUT TO BREAK LOOSE

Super Icyclone

When climatologist Jill Sanders reviews weather data indicating the formation of an unimaginably powerful storm system, she brushes it off as a miscalculation. But as a series of bizarre field reports—and tragic storm related deaths—start mounting in real time, Jill realizes her small town is about to be ground zero for a massively destructive ice-hurling tornado.

Just prior to his release from prison, Ted Evans receives a threat from the man whose family he killed in a DUI - 'if you make contact with your family, I'll kill them'. Believing that the danger is real, Ted exiles himself to a reclusive life to protect his family. However, Ted's wife Sara knows the threat is merely a manifestation of her husband's profound guilt. Determined to rebuild their family, Sara tracks Ted down to confront him with hard evidence that the threat is imagined. But she has no idea just how unhinged he has become - or how real the threat may be.
